PARENT BOOK

Spreading The Word

Acts 13:49

“The Word of the Lord Spread through the whole region”

Dear Basketball Parents,

We welcome you on what shapes up to be a most exciting season for all of our basketball teams from middle school through varsity.

Our varsity team is coming off two years of being very competitive in the tough 11th region with wins last season over Scott County, Lafayette, Madison Central and Dunbar. This season the preseason polls have us rated as high as third in the region. We view this as motivation to achieve our ultimate goal, to reach Rupp Arena for the state tournament. With a lot of experience returning, and some fine young players moving up, we are really excited about our potential. Going off our first week of practice I can promise you they will be the hardest playing team you have seen at LCA, and really fun to watch.

Our middle school program is growing and improving each year. Our coaches have put in the time with our out of season workouts to develop the players, and the results are players ready to compete at a high level.

We have adopted the goal "Spreading the Word" for our teams. We want LCA basketball to demonstrate our Christian beliefs, and also let people see how being a part of LCA basketball is a great experience. We want to win and be competitive, but always exhibiting great sportsmanship.

Coach Carter and I begin our sixth season heading up the varsity program. Our varsity assistants are Tom Bower who will also coach the Freshman team, and new coach Charles Thomas, a former Kentucky Mr. Basketball who played basketball at the University of Minnesota. Cory Williams returns to assist with the Freshman team. Zack Wooten and Jeremy Hobbs return as middle school coaches, and will be joined by former LCA player Patrick Nevitt. We are happy to have two new coaches Aaron Klein, a Dunbar graduate, and Nash Baldwin, a Tates Creek graduate, join our middle school coaching staff. We are very fortunate at LCA to find great young role models for our middle school players.

As a coach who has been around awhile I would encourage parents to view every game as a great opportunity to share with your son memories that will last a lifetime. All of our coaches will do the best we can to make it a great experience.

God Bless,

Coach Tommy Huston

2011-2012 Outlook

The coaching staff cannot wait to get this season started. It has been one of the best off seasons we have had at LCA. We have great interest in the program, and we feel like this might be the most talent we have had in the program. We are ranked 4th in the region, tied for our highest pre-season ranking ever. The coaching staff hopes that all the hard work in the off season and in the weight room will show during the season. Go Eagles!

Playing Time for Athletic Contests

The philosophy of LCA is that every aspect of the athletic program will glorify God. The athletic program will foster teamwork, school pride, sportsmanship, character development, and excellence. At the elementary and junior high levels the emphasis is on individual player development. Winning in any type of competition is an enjoyable and rewarding accomplishment. However, winning will not be considered paramount at the expense of the above stated goals, or the well-being of the student-athlete.

At the elementary and junior high levels, coaches are expected to provide fair and reasonable playing time to each participant in order to provide adequate player development and teaching opportunities.

Elementary School Teams:

Team size will be determined by the Varsity Head Coach of each sport and the Athletic Director. Emphasis is on teaching/player development and each student-athlete will receive meaningful participation in each contest. Cutting student-athletes at this level is discouraged.

Junior High Teams:

Team size will be determined by the Varsity Head Coach of each sport and the Athletic Director. Emphasis is on teaching/player development. Each student-athlete will receive meaningful participation over the course of the season. Cutting student-athletes at this level is discouraged. Elementary and Junior High athletes participating on high school teams will not be guaranteed playing time.

Senior High Teams:

Team size, player selection, and contest participation will be at the discretion of the coaching staff.

Policy 6.1.14

****for the sport of basketball, 6th, 7th, and 8th grade teams are considered Junior High Teams and follow its playing time policy****

Eligibility to Participate in Athletics and Competitive Extracurricular Activities

In an effort to maintain academic excellence with all student-athletes, cheerleaders, dance team members, student managers, orchestra members, marching band members, choir members, drama participants, and all other competitive extracurricular activity participants the following requirements have been established.

1. Christian conduct requirements:

A. All students are to exemplify Christian standards and are to use their extracurricular activities in a way to honor the Lord with their talents. Ineligibility will occur for failure to abide by Christian standards and for behavior not honoring to the Lord.

2. Academic requirements:

A. Beginning with the first week of school, grades will be examined and reported to the Coaches, Athletic Director, and Directors of the various fine arts on a weekly basis. The report will include any participating student who has any cumulative Fs. The appropriate Coach or Director will immediately communicate with the parents or guardians of such students via e-mail (by formal letter for those parents who do not have access to email) sent by the Athletic Director or Principal. The appropriate Coach or Director will also communicate the information to the student involved with the intent to provide Christian counsel, encouragement, and assistance to the student.

B. To be eligible to participate, a 2.0 cumulative GPA is the minimum requirement. However, this requirement begins at the grade check inclusive of the third week through the end of the semester, for both first and second semesters. After the initial three week period, there is no grace period for a student whose grades drop below a 2.0 GPA. Anytime a student's GPA drops below a 2.0, even if he or she does not have any Fs, the following consequences occur:

- The student is immediately ineligible to participate;
- The student will also fall under all consequences in policy, *Academic Probation*.

C. In addition to the minimum requirement of a 2.0 GPA, beginning at the grade check inclusive of the third week through the end of the semester, for both 1st and 2nd semesters, the student must not have an F as a

cumulative grade in any class. If the student has a cumulative grade of an F in a class, he or she will have a two (2) week grace period to bring the class grade(s) up to a passing grade(s). At the next grade check, the student would remain eligible to participate if he or she has raised all grades to passing. If the student has not raised all grades to passing within the two (2) week grace period, or has accumulated any additional Fs, he or she would become ineligible to participate. Each time a student's cumulative grades include less than 3 Fs a two (2) week grace period recurs and the same process is followed. If, at any time, the student accumulates 3 Fs as cumulative grades, that student will become immediately ineligible under KHSAA rules for athletes, and in this case the grace period does not apply. This standard also applies for non-athletic participants.

D. Any participant who fails to meet the foregoing grade requirements will be ineligible to practice, travel with the team or troupe, or participate in games or competitions until the grade requirements are met. Fine art students who are ineligible to participate in the extracurricular activity portion of their class will not have their grade penalized for missing the activity.

E. A student will be restored to full eligibility when the above requirements are met and at the next grade check. All standards of academic probation will be enforced regardless of eligibility status.

3. School discipline requirements:

A. Students may lose the privilege to participate in extracurricular activities for behavioral issues at the discretion of the Administration and/or Athletic Director and/or the various fine arts Directors.

B. The eligibility of a student placed on suspension will be determined by policy, *Suspension and In-School Suspension*.

C. At the Intermediate levels 3 or more missed assignments will result in ineligibility to participate. At the Intermediate level art, physical education, computer, and music will not be calculated as part of the GPA for eligibility purposes.

4. Student attendance requirements:

A. Students are expected to attend school for the entire day on the day of competition and the entire day after competition. If a student is absent, a valid written excuse must be submitted to the Administration.

B. If a student, Coach or Director seeks an exception to this standard, prior approval must be obtained from the appropriate Administrator.

5. Written parental approval and written approvals from the student's physician and LCA's Athletic Trainer are required before participation in any practices or competitions after an injury or illness which is considered serious by LCA's Athletic Trainer.

6. KHSAA rules and requirements: Student-athletes are expected to comply with all applicable rules and requirements of the KHSAA.
