LCA 0 - Connor HS 1

Season Record: 0-2-0

The LCA Lady Eagles continued play in the SON Cup tournament on a sizzling hot day in Louisville. The Lady Eagles again carried the vast majority of play creating numerous scoring opportunities but came up empty on the front end leading to a 1-0 loss to the Lady Cougars of Connor HS.

The game was a bit back and forth with both teams controlling the ball at times. The Lady Eagles' offense was able to create opportunities throughout the game creating nine shots on goal but lacked the quality last touches to tally a goal. In addition to working the ball up the field, the Lady Eagles' offense also hustled despite the heat to put themselves in position in front of the goal to receive passes that didn't materialize. Although not to be on this particular day, this effort bodes well for the future as the offense has shown an ability to create scoring opportunities. On the back end, the defense played well giving only three shots on goal and none the entire second half. The lone goal came on a solo effort by the feisty Cori Storms half way through the first when she found herself in the left corner and worked her way back in front of the goal before finishing a nice shot past the Eagle keeper.

The Junior Varsity team continued their good play after defeating North Oldham Wednesday night and drubbed Connor JV 4-0 on an outstanding team effort and hat trick by one C.B. Madden. Even the play-by-play announcer noted her effort.
