

Pictures are here! We hope that you enjoy your child's picture proofs. If your child was absent or you need a make-up, please make sure you let us know.

If you HAVE NOT turned in your permission slip and money for the Field Trip, please do so as soon as possible. We will be creating lists so that we know who can drive and what students are going. Thank you!

We hope that you have had a wonderful week! We know that we have!  
Miss Pratt, Mrs. Branstetter, and Mrs. Ballard

### **What Are We Learning?**

**Math-Regrouping has begun! Practice these problems with your child!**

**Habitats-We have discussed the deserts and rainforest, tundra, woodland forests, and the ocean. The pond is our last habitat!**

### **Math Corner:**

Take a die and roll it twice, making a 2 digit number. Then roll it once, making a 1 digit number. Have your child add these numbers together, regrouping them if they need to. This is a great way to practice carrying numbers and even mental math!

### **Bible:**

Send back in the perforated bottom section of the Bible sheet each Friday!

If you have not heard, some of the teachers put together a 10 Commandments video that is modeled from a YouTube video. This has helped with all of us (including the teachers) learn the 10 Commandments!

If you have not had a chance to check out what Bible is all about this year, please go to [www.jellytelly.com](http://www.jellytelly.com). There are videos and songs that go along with what we are studying. We are all having so much fun learning!
